

TEMPORARY

AMENDED

NO. 70734-T

APPLICATION FOR PERMISSION TO CHANGE POINT OF DIVERSION, MANNER OF USE AND PLACE OF USE OF THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED

Date of filing in State Engineer's Office JAN 08 2004

Returned to applicant for correction _____

Corrected application filed JAN 12 2004

Map filed JAN 12 2004 under 70729-T

The applicant **Metallic Ventures (U.S.), Inc.**, hereby makes application for permission to change the **point of diversion and place of use** of water heretofore appropriated under **Permit 51895**

1. The source of water is **Underground (Prospectus Well)**
2. The amount of water to be changed **0.5 cfs, but not to exceed 362 acre-feet annually**
3. The water to be used for **Mining & Milling and Dewatering**
4. The water heretofore permitted for **Dewatering**
5. The water is to be diverted at the following point **the Southeast Quarter of the Northeast Quarter of Section 18, Township 5 North, Range 28 East M.D.B.&M., Mineral County, Nevada, or at a point from which the northeast corner of said Section 18 bears North 01°36'22" East a distance of 2212.19 feet**
6. The existing permitted point of diversion is located within **the Southeast Quarter (SE¼) of the Northwest Quarter (NW¼) of Section 17, Township 5 North, Range 28 East, M.D.B.&M., or at a point bearing South 47°14'30" East, 3,018.67 feet from the NW corner of Section 17**
7. Proposed place of use **See Attachment 1**
8. Existing place of use **Section 36, Township 6 North, Range 27 East, M.D.B.&M, Mineral County, Nevada**
9. Use will be from **January 1st to December 31st** of each year.
10. Use was permitted from **January 1st to December 31st** of each year.
11. Description of proposed works. **Water is to be developed by means of a drilled well, expected to be up to 700 feet deep, 8-inch (I.D.) casing, via a 60 H.P. submersible pump and motor, thence through a pipeline (with intermediate storage tank) into a nearby natural drainage and hence to flow to the place of use**
12. Estimated cost of works **\$200,000 (for well, casing, pump and motor, tank and water line)**
13. Estimated time required to construct works **Four (4) months**
14. Estimated time required to complete the application of water to beneficial use **five (5) years**

15. Remarks: Pumping is required for mine dewatering, including underground workings that are in progress. Water will be used for mining, milling, dewatering and reclamation purposes, and any excess may be discharged for return into the groundwater system. Other than wells of the applicant, there are no domestic wells within 2,500 feet of the proposed Point of Division.

Protested _____

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change the point of diversion and place of use of the waters of an underground source as heretofore granted under Permit 51895 is issued subject to the terms and conditions imposed in said Permit 51895 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the Proof of Completion of Work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water herein granted at any and all times.

By the issuance of this temporary permit, it is understood that any water diverted as a result of the production and dewatering operation, shall be used first by the permittee for all mining and milling related activities. Any water pumped and not used for mining and milling activities, shall be returned to the groundwater source in the East Walker Groundwater Basin.

Before any water can be diverted, a report outlining the disposal method/delivery system must be submitted to the State Engineer for approval. The permittee shall discharge water in a manner to achieve maximum conservation of the water resource.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The well must be sealed with cement grout, concrete grout or neat cement from ground level to 100 feet.

The manner of use of water under this permit is by nature of its activity a temporary use and any application to change the manner of use granted under this permit will be subject to additional determination and evaluation with respect to the permanent effects on existing rights and the resource within the groundwater basin.

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on **January 28, 2005** at which time all rights herein granted shall revert to the right being changed by this temporary permit.

(CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.5 cubic feet per second, but not to exceed 362 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before:

Proof of completion of work shall be filed on or before:

Water must be placed to beneficial use on or before:

Proof of the application of water to beneficial use shall be filed on or before:

Map in support of proof of beneficial use shall be filed on or before:

TEMPORARY

IN TESTIMONY WHEREOF, I, HUGH RICCI, P.E.,

State Engineer of Nevada, have hereunto set
my hand and the seal of my office,
this 29th day of January, A.D. 2004

State Engineer
